

Dear Reader,

Thank you for your interest in subscribing to edible CAPE COD. Although it is available free of charge at our advertisers across Barnstable County, there are benefits to subscribing. Each issue will arrive at your door and will follow you if you move. There are four seasonal issues per year - May, July, September and late November. Gift subscriptions will keep your family and friends informed and hungry for more. And your subscription supports a local business dedicated to sustaining Cape Cod's food shed. We appreciate each subscriber and hope you continue to enjoy edible CAPE COD for years to come.
